## HEALTH

Keeping in good health is mostly a matter  
of good nutrition. See that the bread you eat  
is Procea, because it contains extra protein  
which is essential to health. Protein builds  
muscle and repairs bodily tissue, gives you  
that reserve of energy which modern life  
demands. Procea stays fresh longer, too.

## Wines from the House of MORGAN

\* The care and proper treatment of fine wines is a complex and specialised process, and one in which experience counts for everything. That is why the wines you buy at Morgan's have a subtle flavour and delicacy all their own—for Morgan's have been in the wine trade for over a hundred years. Spirits of a rare mellowness and cigars of distinctive fragrance are also specialities at the House of Morgan.

## HUMBER
